Comprehensive Care

We will be able to provide care for the majority of your dental needs including preventative care, periodontal care (treatment of gum disease), endodontics (root canals), prosthodontics (replacement of missing teeth including: implants, dentures, partial dentures), cosmetic services (bonding, veneers, whitening), Invisalign orthodontic aligners, and, of course, all restorative needs (fillings, crowns, and bridges).

If your treatment requires the help of a specialist we have excellent relationships with many of the best specialists in the area.

We Respect Your Time

Your time is valuable, which is why we don't keep you waiting. We don't "double book". Your appointment is for you and you alone. In order to accommodate all of our patient's needs, we ask that you kindly give at least 48 hours notice should you need to reschedule your appointment.

Dental Insurance Claims

Dr. Karam participates with Delta Dental, Blue Cross and MetLife. We will be happy to verify and process your dental claim. Remember, the dental insurance contract is between the patient and the insurance company and not between Dr. Karam and the insurance company.

"Worry Free Dentistry"

If you do not have dental insurance we have our own dental savings program called "Worry Free Dentistry". You will be able to receive your dental treatment in the most cost effective way.
